

**ANGELES  
NATIONAL  
FOREST**

---

**FIRE LOOKOUT  
ASSOCIATION**

Dear

The loss of **South Mount Hawkins Fire Lookout** will forever remain in the hearts and minds of all of us. Its loss however will not prevent us from moving on and rebuilding. Out of the roots of the old 1936 Fire Lookout, its offspring, a replacement lookout tower will rise.

In order for the new tower to rise, we will need to raise some \$85,000. A campaign to solicit this money is now underway. We are enthusiastic that we will meet our goal and that in a year or two **South Mount Hawkins** will be back in service.

It would be nice, and greatly appreciated, if each household for our membership would be able to help in some way. This can be accomplished by a personal monetary pledge, or donation, or through fundraising by being a part of our fundraising team.

You may respond to this appeal by contacting Bob Moore, Campaign Director, or Laurel Wagner, Campaign Treasurer. If you prefer you can contact us, Pam & George Morey, directly.

Whatever you choose to do, your service in the **Angeles National Forest Fire Lookout Association** is very greatly appreciated. If you would like to contribute now, or make a pledge, please use the following donation pledge forms.

Yours truly,

Pam Morey  
Coordinator
